

Internal information

Circle diameter = 29.00 mm

Cylinder perimeter = 203.20 mm

Number of 65.00 mm cores = 2

Number of circles in 1 core line = 2

Edge distance = 2.75 mm

In between cores distance = 5.00 mm

In between circles distance = 1.50 mm

Circles distance between cores = 5.00 mm

Leftmost to rightmost circle edge = 124.00 mm

Number of circles = 24

Length of 1000 pcs/core = 16.93 m

Precision = 3.08

Max circles distance between cores = 5.00 mm

2 cores, circles were offset by -0.25 mm
