

Circle diameter = 28.00 mm

Cylinder perimeter = 203.20 mm

Number of 68.00 mm cores = 2

Number of circles in 1 core line = 2

Edge distance = 4.75 mm

In between cores distance = 2.50 mm

In between circles distance = 2.50 mm

Number of circles = 24

Length of 1000 pcs/core = 16.93 m

Precision = 2.94

2 cores, circles were offset by 3.25 mm
